BISHOP WHITAKER'S 10.50 A. M. daily-local train from SCHOOL FOR GIRLS, RENO.

This School has been in successful operation for three years and a half, and has become well known throughout the State. From the time it was tract opened until new no pains have been sperred on the part of those who have thin charge to make 11 a

FIRST-CLASS SCHOOL,

Fully worthy the confidence of those who have daughters to be educated. And there efforts have been successful. It gives us pleasure to say that although the number of scholars has at some time been larger than during the last term, the School is now in better condition than it has ever before been and it is now, more than ever before, worthy of patronage and supjort.

TEACHERS:

Miss Eate A. Sill, the first Principal, returned and resumed her position at the beginning of the last term, to the great satisfaction of every scholar, and friend of the School. Mrs. L. R. Graham has also returned, and with Miss Silt will be reafter be identified with the School. Miss Eva Qualife, the teacher of manie, is too well and favorably known to need any commendation from us. In addition to these the Rev. R. Lervey, Miss Julia S. Woodrinf, and Miss Jane Briscoe, three choroughly competent teachers have been employed during the past term. Addition to the staff of trachers will be made whenever the wants of the School may require it; but with thirty-five scholars, the number in atendance during the last term, six teachers are amply sufficient to do full justice to every scholar. While especial attention is given to the

Common English Studies.

And to the health and good manners of scholars, there is not wanting every facility needed for acquiring all the accomplishments of a

Higher Education.

One admirable feature of the School is that lessons in Free Hand Brawing, Singing and Penminship are given regularly to all the pupils without extra charge. Calisthenics and Physical Training also receive due attention. But the best feature of the behool is that it is a

Refined Cultivated Christian Home

It is in the formation of a pure womaniy character in its pupils that its b st and most enduring influence is to be found. There are few who have been long connected with the School who do not show the effect of this influence upon their character and habits. The charges are as ow as they can reasonably be pissed.

\$300 a Year

Pays for Board and Tuition in all the English studies. Rooks and Washing are charged at the actual cost. An additional charge is made for private lessons in Music. Brawing or Modern Lauguages.

The Next Term begins on Thursday, January 8, 1880. .

A correspondent of the San Francisco Call, writing from Modoe county, declares it as his belief that as soon as the Southern Pacific Railroad is completed the Central Pacific intends to commence the construction of the Winnemucca and Oregon Railroad, and that with quicker transportation a bright and prosperous future is in store for Modor county. There ought to be a nailroad from Reno up through this northern country We should like to see the V. & T folks extend their road up that way, and by and by they would

have a road from Oregon to the Colorado Yerington and others did, a couple of years ago, have an idea of doing it, and went as far as to take lots of fine timber land near Susanville, but there was a clash in the stock market, and whatever ideas they had on the subject were not carried out If the Syndicate which built the Austin and Battle Mountain road want to invest more money in railroad building they can find no better investment than a road from Reno north. Mining Expenses.

In the Nevada Monthly we find a tabwlar statement of itemized expenses of a number of the Comstock mines. It shows that in twenty-three mines, including the Gold & Curry, about 2,400 men were paid nearly \$300,000 for labor; about \$80,000 were expended for fuel; 1.700,000 feet of lumber used, costing from \$20 to \$22 per thousand; 499,000 pounds of ice (one cent per pound) were consumed, and over \$85,000 paid for miscellaneous expenses.

Public Improvements.

Washoe county will expend but little for building purposes this year. The Commissioners intend to have a porch constructed around the Poor Farm building, as suggested by the Grand Jury. There is also some talk of putting up a new fence around the court-house, but as that will cost about \$500 we do not think the Commissioners will be in any particular hurry about doing it,

Clothing At Cost.

Mr. M. Nathan, at his Virginia street establishment, keeps one of the best stocks of clothing to be found in Nevada, which, in view of the stringency of the money market, he is selling at about cost price. This is a good time acter. to purchase clothing and furnishing goods, and Nathan's a good place to suit. buy.

BAL MASQUE.

Wadsworth Rejunivated-Those in Costume-Etc.

"What character will you personate?" 'Have you a costume?'' etc., were heard from nearly everyone for a week preceding the social affair, which on Monday night filled Gladding's Hall to overflowing. Wadsworth is a small town, yet not by any means a dull one. Social life here, when aroused, handsomely responds. All unite in any amusement which embraces novel attractions and nearly everyone takes an active part-Thus it is that all the parties given here are successful. But last evening the most amusing and richly enjoyed ball perhaps ever given here was the grand masquerade celebration of Washington's Birthday, Many had never attended such a ball in costume and resolved that this one would find them in such a disguise that the most intimate friend could not possibly recognize them. To a stranger the fun was even immense, but to those at home the treats cannot be described. It was a new thing, but of course was quite the same in all respects as in larger communities, yet one could not but heartily laugh at the unique actions of a gentle maiden of domestic habits assuming the role or a Countess elaborately attired for a State reception. A practical business man of staid manners caparisoned as a Prince royal prancing up and down the hall taking off court snobbery. Some fellow so grotesquely gotten up that his mother-in-law would not know him, yet he is half dying to talk some. Mr. Hurd has offered the "Italian

THE DEATH RATE of our country is getting to be fearfully alarming, the average of life is being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this eeason of the year especially, a cold is such a common thing that in the harry of every day life we are apt to overlook the dangees attending it and often find too late, that a fever or long trouble has already set in. Thousands lose their lives in this way every Winter, while had Boschee's German Syrup been taken, a cure until March 1st, 1880. STRICT CASH PAYMENT PLAN By this we mean that purchases must be accompanied by Cash, and

UNDER NO CIRCUMSTANCES

WILL ANY GOODS BE CHARGED.

Our motives for time doing might, if not explained, seem exacting; tut—one moment—and we shall ask you. "How do you expect to buy at low rates and pay for the following extras—which, mind you, must and is always added to the goods you buy?"

The following items we save, not for our-selves, but for the patrons of our house:

First-We save the cost of a Book-keeper and Collector.

Second—By avoiding the losses occasioned by non-paying customers.

Third.-By Saving the interest at 1 per cent per mouth on \$8,000, invested in book accounts Fourth-By saving any omissions in charging for goods that would be sold on credit.

Fifth—By always having the cash in the drawer or the goods on the shelf, thereby saving the expense of proping or goods before the book accounts could be collected.

Sixth—And most important, by the reduction in prices of goods we buy; for where we have the trady cash to pay down for any article we desire, we can always buy goods at a reduced price, and naturally can afford to cell cheaper, and yet have as much profit; for when buying on time, and paying in three or four months thereafter, a merchant certainly pays a higher price for his goods than one who has the ready cash to pay immediately. And it evidently allows, and is an indispurable fact, that any house doing a credit business cannot sell at as low a price of one doing a
